Please note that the majority of countries on this list are being provided with toll free service through a Universal International Freephone number (UIFN). UIFNs are obtained using an international access code. As such, you will need to add your international access code to the number given above. UIFNs are not always accessible from a mobile phone or through a pay phone. If you are calling the hotline from a mobile phone or a pay phone and the call does not go through, please try again from a private land line or call the hotline collect at +1 647 438 6817.
